ATLANTIS
THE WORLD SCHOOL

Komandur Group of Schools

Welcome to your **WORLD OF EDUCATION.**

Atlantis-The World School, founded by Komandur Educational Society is set to herald cosmopolitan education in the spiritual capital Tirupati. It is an institution that imparts globally informed education and places premium of 21st century skill development. The school marks a departure from the traditional K-10 schooling with its practice of modern pedagogy reinforced with the reliance on technology for methodical enhancement of learning outcomes.

The infrastructure of the school is designed to sustain a dynamic educational ecosystem and is at par with the best schools of the country. The school adheres to scientific pedagogy and collaborative instruction. The faculty bases the instruction on individualized attention. Educational technology is set to play a pivotal role in the classroom instruction, to enhance engagement of the students and receptiveness to the lessons.

The development of social skills and the upholding of a value system are given equal weight with academic pursuits, skill enhancement, technological aptitude acquisition, and other 21st century abilities necessary for the knowledge economy.

Atlantis-The World School is a K-10 co-educational school offering the national CBSE curriculum.

NURTURING **Champions!**

FOCUS ON SPORTING BRILLIANCE, LIFE SKILLS & ACADEMIC EXCELLENCE

At Atlantis, the students are exposed to a range of extra-curricular activities to complement the academic development and for the inculcation of a complete personality. The activities include the ones related to the arts, technology, performing arts and competitive sports. The competitive spirit is infused in students via house membership and there are various clubs to provide the ambience for artistic development and team spirit

TRANSFORMING **Education!**

WE GENUINELY MOTIVATE THE KIDS TO LEARN WHAT THEY WANT AND EXCEL IN.

Atlantis practices dynamically designed teaching-learning styles consistent with the Theory of Multiple Intelligences while ensuring the simultaneity of cognitive and physical development through the co-curriculum, complemented with targeted exposure.

The curriculum is focused as well as diverse. It is devised keeping in view the modern pedagogical principles and skill-development requirements. The academics and the co-curricular are not seen as competing but as complementary to each other. The principles of the cognitive sciences are incorporated in the development of the classroom instruction plan and educational technology is aptly deployed to assist the curricular implementation.

Truly a **WORLD SCHOOL.**

Intends to herald an era of International education in the region and broadens the dimensions of school education by integrating it with skill and personality development.

The educational ecosystem of Atlantis is supported by an infrastructure that is composed of carefully planned and efficiently designed learning spaces. The entire structure is planned in a way so as to infuse a sense of belongingness in students. With an optimally stocked library, and well equipped science, math & language labs, smart classrooms, extensive sporting facilities, the stage is set for the learning for a lifetime.
