# TEAM ATLANTIS

**K.S. SRIDHAR**  
Founder

When I dreamt of a school that would make the student learn all activities along with studies, the seed was sown for Atlantis.

The students here are encouraged to learn Robotics, Guitar, Keyboard, Music, Football, Cricket, Skating etc. along with studies. This would help them enjoy the happiness of childhood and later decide on their true calling. As a Chairman, I encourage every Atlantian to take up learning of all the activities. Education is definitely our top priority. Experienced Faculty, Enthusiastic Students, Well Planned Curriculum, Good Infrastructure and Active Team, Atlantis is a place to enjoy learning. Come..... let's grow together!

**K.S. VASU**  
Chairman

**Mrs. K.R. Anuradha Gopal**  
Director

Learning is a lifelong process. True to this saying, Atlantis The World School is an initiative that encourages child centered climate, caring & effective teaching. Our students are groomed to become wholesome personalities. Our Teachers ensure that they guide and groom the students with constant follow up through phone call and one-on-one meeting with parents. The huge banyan tree that stands tall was just a seed one day. Similarly, all our efforts will help the Atlantians to become wonderful achievers of tomorrow.

What you are is god's gift to you. What you become is your gift to God. Have something to live for. Bring out the best in you.

**Mrs. V. Prameela Krishnan**  
Director

Schooling is our first contact with the world, a period of joy, healthy competition, fearing, adjustment, sharing and love. Here teaching is done not only using chalk n board but also using different, creative academic & non-academic activities. Our approach is our promise to the parent. We dedicate our self to meaningful and useful education. Spelling Bee, Field Trips, Read a Book, encourage our Atlantians to be enthusiastic learner.

There are two lasting things we can hope to give our children. One is roots, Roots of strong education and the other is wings to pursue the fruits of education

# PUPILS' LEADERS

**E. Dayana**, Grade 9  
Head Girl (2022-23)

## KNOWLEDGE IS POWER, BUT ENTHUSIASM PULLS THE SWITCH.

Atlantis is a school that opens your eyes to dream and gives the wings to reach the pinnacles of success. Coming to this school has been the best decision that my parents made for me and I will be forever grateful to them for this. Our school not only believes in academic excellence but also in instilling moral values into its students to create global citizens who are true to their roots and their culture. As a leader, I stand before you not only to lead you but also to be one among you to work for the betterment of the school.

Teacher's guidance and motivation always help us to keep up the discipline of the school. To my fellow students, I would like to say that this School is the best place you'll ever be in. 'Value your school days friends, you will never get them back!'

I'm proud to be a part of the Atlantis family. This School has given me memories that I will always cherish.

**P. Dhatrinath Reddy**  
Grade 9, Head Boy  
(2022-23)

## THE PESSIMIST COMPLAINS ABOUT THE WIND. THE OPTIMIST EXPECTS IT TO CHANGE. THE LEADER ADJUSTS THE SAILS.

I believe, if your actions inspire others to dream more, do more and become more, you are a true leader. I would like to thank all the members of this wonderful institution for giving me such moral and spiritual values which have polished me and shaped me to become worthy of being a HEAD BOY, this institution has also helped my emergence not only as a good student but also a good human being. Never give up. Never give in. Never quit.

Talking about my responsibility, I dream of instilling virtues like integrity, respect, companionship, unity, diligence etc in the pupils. Though the road is challenging but I believe

"A Happy life consists not in absence but in mastery of hardships". Having firm belief in the virtues of discipline, and hard work, I dedicate myself whole heartedly in serving the institution.

# PARENTS' SPEAK

My daughter is very excited to come to school everyday as she finds her teachers extremely encouraging. I am very impressed by the academic activities like Field Trip to Chandragiri fort, as my daughter not only learnt about the fort and its historical background but also had a memorable day out. The full credit goes to the caring Teachers Team of Atlantis.

**D. Radha Sekhar** (Home Maker)

# KIDS FUN TIME

We chose Atlantis for my son as our main concern was to give him an environment that would prepare him to become a good professional in future. Now Science lab periods are his favourite. He found his passion in Science and English. I was surprised when he could spell maximum number of words in one minute in the Spell Bee contest. Such wonderful concepts to encourage learning is worth appreciating.

**P. Anuradha** (Home Maker)  
P/O D. Himesh Sai Reddy , Grade 7B

Passion for sports, games and extra-curricular activities pulled us to Atlantis. We are proud of our daughter as she now plays Football and Basketball as a learner. We also wanted her to learn a foreign language and to our relief, we have French Classes at Atlantis. The Facilitator Mr Eric is so patient and humorous that children look forward to their French classes.

Question and Answers Run  
Started by the Dawn  
Waited for my turn  
Melted in tension.

The first letter Shifted  
The last letter drifted  
My struggle is strong  
The trouble is long

Teacher asked a question  
I know that's from my lesson  
The answer in my mind  
But it started moving aside

"Roll no. Next" the teacher said  
"Missed just" I bent my head  
After my turn, I got the answer  
It's time to learn , better than before..
